

Table with 100 columns and 100 rows of numerical data. The table is organized into four quadrants by a central vertical line. The top-right quadrant is labeled '凡例' (Legend) and contains a vertical scale for '上段: 浸水段(m)' (Upper section: Waterlogging depth in meters) and '下段: [地盤高(T.P.m)]' (Lower section: [Ground level (T.P.m)]). The scale for the upper section ranges from 1.0 to 1.21, and the scale for the lower section ranges from 1.0 to 1.21. The numerical data in the table represents values for each grid cell, likely related to waterlogging depth or ground level.

凡例

上段: 浸水段(m)

下段: [地盤高(T.P.m)]

0 25 50 75 100 m
