

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header section on the right side. The header section includes a vertical label '凡例' (General Example) and two main categories: '上段: 浸水深(m)' (Upper Section: Water Depth in m) and '下段: [地盤高(T.P.m)]' (Lower Section: [Ground Level (T.P.m)]). The data cells contain numerical values, many of which are enclosed in small boxes, likely representing specific data points or measurements. The table is densely packed with numbers, and the layout is consistent throughout the grid.

凡例
上段:
浸水深(m)
2.11
[12.61]
下段:
[地盤高(T.P.m)]
