

Table with 100 columns and 100 rows of numerical data. The table is organized into four quadrants: top-left (rows 1-50, columns 1-50), top-right (rows 1-50, columns 51-100), bottom-left (rows 51-100, columns 1-50), and bottom-right (rows 51-100, columns 51-100). Each cell contains a numerical value, likely representing a specific data point or measurement.
