

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header section on the right side. The header includes '凡例' (General Rules), '上段: 浸水深(m)' (Upper Section: Water Depth (m)), and '下段: [地盤高(T.P.M)]' (Lower Section: [Ground Height (T.P.M)]). The data values are small integers, likely representing depth or height measurements in centimeters. The table is divided into sections by vertical lines, with a prominent one at the 25th column and another at the 50th column. The rightmost column contains a vertical scale from 0 to 100m.
