

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header section on the right side. The header section includes labels for '上段: 浸水深(m)' (Upper section: Water depth in m) and '下段: [地盤高(T.P.m)]' (Lower section: [Ground level (T.P.m)]). The data values are small numbers, likely representing depth or elevation measurements, ranging from approximately 0.00 to 1.00. The table is divided into sections by vertical lines, with a prominent vertical line at the 25th column and another at the 50th column. The rightmost column contains a vertical scale from 0 to 100 meters, with major ticks every 25 units and minor ticks every 1 unit. The text '地院理' is visible at the bottom right corner of the page.

凡例  
上段:  
浸水深(m)
