

Table with 100 columns and 100 rows of numerical data. The table is organized into four quadrants: top-left (0-25, 0-25), top-right (25-50, 0-25), bottom-left (0-25, 25-50), and bottom-right (25-50, 25-50). Each quadrant contains a grid of numbers, likely representing a topographic map or data matrix. The numbers are small and densely packed, with some larger numbers (e.g., 2.11, 12.61) appearing in the top-right quadrant. The table is bordered by a grid of lines.
